

UNIVERSITY OF WASHINGTON

Project Approval Form (PAF)

Project Title: Solar and Wind Powered Charging Stations

Primary Contact: University of Washington Chapter of Engineers Without Borders (EWB)

By signing this form, I confirm that the project lead(s) has/have discussed this project with me, and that I (please check all that apply)

- approve the stated project to be conducted on the University of Washington-Seattle campus (this approval can only be given by campus units or by individuals on behalf of campus units) **(REQUIRED). SEE NOTE #1.**
- agree to be a part of the project team.
- will provide support to the project by being a partnering organization, department or individual. **SEE NOTE #2.**
- am the administrator for my campus unit and agree to for the financial and human resources Transactions associated with this project.
- agree to take over the operational costs of this project following completion. **SEE NOTE #3.**

Other notes (if applicable):

NOTE #1: Prior to procurement and installation, Project Team will submit design documents, including a component parts list with manufacturer product literature along with purchase and capital cost quotes, procurement plan and development schedule for review and approval by UW administration design review board including: UW Facilities Services, UW Capital Projects and Development, UW Environmental Health and Safety.

NOTE #2: Facilities Services, Resource Conservation Program commits to mentor and advise Project Team as appropriate and assist in coordinating the review and approval process referenced above.

NOTE #3: Facilities Services commits to identify, communicate and coordinate with the project team any UW operational and maintenance cost via the design review process above. The project team in coordination with CSF is responsible for funding Facilities O&M, including cost to retire installed project assets at the end of service life of the battery system.
